_____ divided by _____ = _____
Total pounds of gain (2) Days on feed (1) AVERAGE DAILY GAIN

_____ divided by _____ = _____
Total feed cost (5) Total pounds of gain (2) FEED COST per POUND of GAIN

_____ divided by _____ = _____
Total pounds feed (4) Total pounds gain (2) POUNDS OF FEED PER POUND OF GAIN

PROJECT ANALYSIS QUESTIONS

1. What goals did you set for both your project animal and yourself? What did you do to accomplish these goals? Explain your results and what you may do in the future to improve.
2. List and explain what factors influenced your average daily gain. What, if anything, could be changed to improve the average daily gain and why are we concerned about this statistic?
3. List any ideas you may have that would improve our market livestock show and sale.

PROJECT PICTURES

Pictures help to show how your animal has developed under your project management.
